

ROHFW ANNUAL REPORT 2007-08

INTRODUCTION & OBJECTIVES

Date of establishment: August 2005

Complete Postal Address, Contact # - Tel, Fax & Email

C/o Regional Director,
Regional Office of Health and Family Welfare,
Raipur,
Post Box No. 112,
Raipur-492 001 (C.G.)
Email-rltri@sify.com
Tel. No. 0771-2412792, 2411427
Fax No. 0771-2412093

Objectives/functions of the institute-

Regional Leprosy Training and Research Institute, Raipur established in the year 1979 with the objective to provide specialized treatment in the field of Leprosy, Research and to provide training to the various categories of Medical Personnel viz. Para Medical, Medical Officer etc.

At present in the changed scenario i.e. after integration of Leprosy services with General Health Care Services, this institute has been given responsibility to provide training to the District Health Authorities in Disability Prevention and Medical Rehabilitation (DPMR) at this Institute as well as in the District HQ. We are also conducting Re-constructive Surgeries in the Institute regularly and by organizing Re-Constructive Surgery camp at district HQ. A 75 bedded hospital is functioning for the above mentioned purpose and we are treating leprosy patients suffering from problematic ulcer, reaction etc. also.

Historical & Milestones in the Development

Regional Leprosy Training and Research Institute has been designated as Regional Directorate of Health and Family Welfare for the State of Chhattisgarh and following additional functions has also been assigned to it-

- (i) Capacity building for integrated disease surveillance program.

- (ii) Epidemiology Training Courses as undertaken by the National Institute of Communicable Disease, Delhi.
- (iii) Lymphatic Filariasis (Disability Management and related training).
- (iv) Microscopy and DOT centers under RNTCP.
- (v) Operational Research related to RNTCP.
- (vi) Voluntary Counseling Centers (VCC) and diagnostic center for HIV/AIDS.
- (vii) Disaster management in respect of the state.
- (viii) Various National Health Program especially Malaria

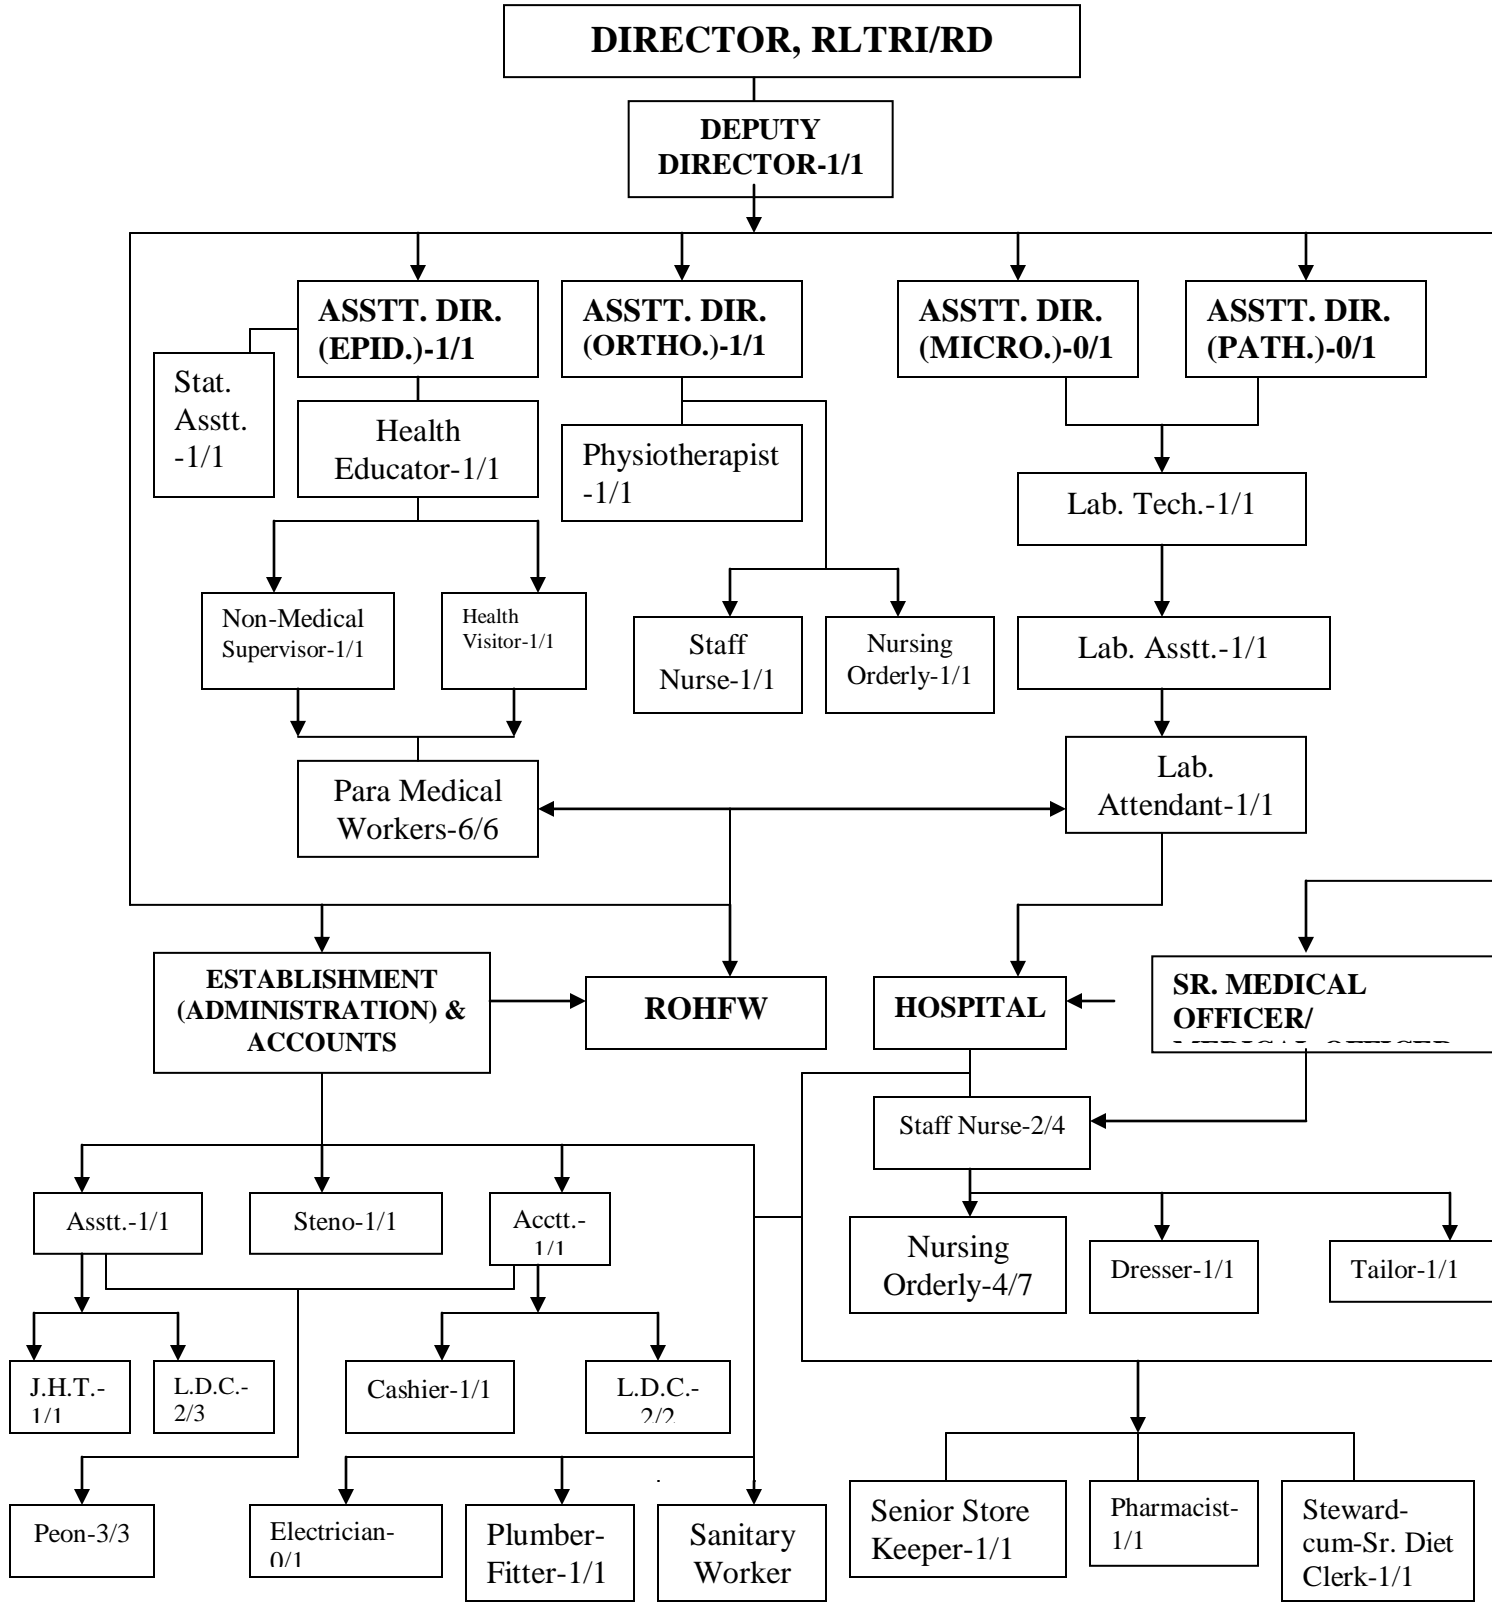

Infrastructure and Estate

Buildings (Indicating Floor area), Hostels/Residential Quarters, Canteens etc. of RLTRI, Raipur.

- (a) Administrative block-Director office, Auditorium, Seminar Room,
- (b) Hostel Block-28 double beded rooms with common toilet facility with Kitchen and dining hall facility.
- (c) Hospital block-At present 3 wards functioning (55 beds), OPD Cubicles, Laboratory for Leprosy patients, Laboratory for NVBDCP work (started from July 2008), Pharmacist room, Stores, X-Ray unit, Physiotherapy unit, Airconditioned Operation Theatre
Remarks-1 ward given to State Tuberculosis Training cum Demonstration Center under RNTCP.
- (d) Staff Quarters-Type-A-19, Type-B-33, Type-C-4, Type-D-5, Type-E-3.
Remarks-Two Type E quarters given to Malaria unit of ICMR.

- Links and network with other organization, Collaboration of activities etc.

GENERAL COMMENTS OF PHC(Visited PHC-26)

Particulars	Kawrd ha District	Bilaspur District	Raipur District	Rajnath gaon District	Raigarh District
Emergency services (24 Hours)	No	No	No	No	No
Referral Services	Yes	Yes	Yes	Yes	Yes
In-patient Services	No	No	No	No	No
Average daily OPD Attendance	< 20 patient/ day				

*** Most of the PHC run without medical officers**

Services	General Comments
OPD services and Inpatient services	OPD services are negligible in PHC where medical officers post are vacant and underutilizing where medical officer are not coming regularly. Emergency services do not exist in most of the PHC. IPD services are not utilized. more emphasis on referred services given even when it could have been managed at PHC.
Treatment of specific cases	In all most all PHC No surgery is being carried out. Even minor surgery like drainage of abscess, primary management of burns ,primary managements of insect/scorpion /snake bite and primary management of Poisoning cases are referred.
Service availability	24 - hour services for both normal and assisted delivery not available
Availability of specific services	Gap in the services like low birth weight babies , children with pneumonia , children suffering from diarrhea with severe dehydration
Functions and services performed	No visible Nutrition services, Promotion of safe water supply and basic sanitation, Prevention and control of locally endemic diseases, Disease surveillance and control of epidemics, health education / behaviour change communication

Monitoring and Supervision activities	Monitoring and supervision by Medical officer at Block level done only piece meal approach, mostly done by sector supervisor.
Personnel	Not as per IPHs guidelines i.e Medical Officer Pharmacist, Nurse - Midwife (Staff Nurse),Health Worker (Female),Health Educator Health Assistant (One male and One female),Clerks Laboratory Technician,Driver
Lab Services	No basic lab services

SUBCENTER

Service	General Observations
MCH Services:	ANC ,PNC .JSY,FP and Immunization and other services are satisfactory
Availability of Special services	Doctor should visit the subcenter as per guidelines
Disease Surveillance	Disease surveillance & control of Local endemic Disease and promotion of sanitation should be done as per guideline
Monitoring and surveillances	Maintained of Record is poor, Monitoring of water quality is not followed.
Manpower	Shortage of MPW(Male)
Physical infrastructure	Basic amenities are lacking in some subcenters i.e water and electricity
Quality Control	No internal and external monitoring
