S. No	Programmes Reviewed	Observations on gaps in infrastructure, Manpower, Services and achievement of Indicators of programmes	Suggestion for improvements
1	NVBDCP	Monsoon advisory to prevent outbreaks of Vector Borne Disease during the year 2009	As per the direction received from NVBDCP, Delhi necessary guidance has been communicated to the State Program Officer, Malaria to prevent Malaria, Dengue and Japanese Encephalitis As per the direction received from NVBDCP, Delhi, SPO, Malaria has been requested to gear up for an effective community based vector control program to curb dengue/chickungunya cases in a limited area before it spreads to other parts of the states and observe July as anti-dengue month in every town/city. Efforts should be made for mass clean-up campaigns, source reduction and environmental sanitation jointly in collaboration with non-health partners, local self Govt. village health and sanitation committees, schools etc. and to take cooperation from elected representatives and other local leaders.
		Regarding submission of susceptibility test reports	As per the direction received from NVBDCP HQ, necessary direction has been given to the State Program Officer. Susceptibility tests to be carried out periodically in the state by the Zonal entomological teams under the supervision of Zonal/State Entomologist/Biologist and technicians using kits supplied by NVBDCP and results of these tests month wise should be carried out as per the action plan.
		Monitoring of RDT and ACT roll out in the country	As per the direction received from NVBDCP, New malaria drug policy ACT is recommended as a first line of treatment for confirmed Pf cases, the implementation of the ACT is monitored by the NVBDCP HQ. Accordingly SPO has been requested to send the requisite information in the prescribed format to the NVBDCP HQ positively
		Non-receipt of Epidemiological situation report for Malaria	As per the information received from NVBDCP HQ, monthly epidemiological situation report for malaria has not been received in the NVBDCP since last October 2008, accordingly SPO Malaria was contacted and requested to send the same without any further delay
