

**Details of the Activities undertaken by the ROH&FW, Raipur (C.G.)**

**PART - C**

**Name of the ROH&FW:** RAIPUR (C.G.)

**Report for the month of:** Apr-10

S. No	Programmes Reviewed	Observations on gaps in infrastructure, Manpower, Services and achievement of Indicators of programmes	Suggestion for improvements
1	NVBDCP	Progress of IRS Implementation at PHC level and quality implementation to provide adequate coverage during the transmission season	State Program Officer has been requested to send the desired information to the NVBDCP HQ, which is essential to track the progress of IRS implementation in the State
		Village-wise Plan for distribution of LLINs in the state	State Program Officer has been requested to send village-wise plan for distribution of LLIN projecting Annual requirement of LLINs for 2010-11 based on sub-centre wise analysis of epidemiological data and to ensure 100% coverage of the identified population @ 2 bednets per household considering 1 house hold comprises of 5 members
		Collection of NVBDCP Store against the diversion order from GMSD Mumbai	As per the information received from NVBDCP, Delhi, requested SPO, Malaria to collect Tab. DEC 100 mg-1 crore tabs and ACT combi blister pack-3000 from GMSD Mumbai
		Monitoring and Evaluation of reports on Malaria	As per the information received from NVBDCP, HQ, State Health Authorities are not sending their weekly and fortnightly reports specifically of high endemic districts, due to which they are finding difficulties in compilation, analysis and evaluation and delay in receiving the reports at HQ are not serving any purpose
		Non-submission of Data regarding Result Framework Document	We have been informed by NVBDCP HQ that data regarding Result Framework document not forwarded by the State Health Authorities, State Program Officer has been requested to expedite the same as MOHFW is directly monitoring the same and a compiled table goes to the Cabinet
		Implementation of the recommendation of Technical Advisory Committee	The recommendation of the Technical Advisory Committee has been conveyed to the State Program Officer that they have recommended use of ACT (Artesunate + Sulpha and Pyrimethamine) combination therapy for treatment of all confirmed P. falciparum cases diagnosed by RDTs or Microscopy. It has also been recommended that all confirmed cases of Pf during 2nd and 3rd trimester of pregnancy should be treated with ACT while during 1st trimester present regiment of treatment of Pf cases with Quinine will continue.
		Training of Health workers i.e. MPWs and Health volunteers like ASHA in dispensing with ACT as per the National Drug Policy	As per the recommendation of the Technical Advisory Committee, SPO has been requested to take necessary action for training of all health personnel as per the National Drug Policy
		Utilisation/Consumption certificates of consumption of the commodities during last 2 years	NVBDCP HQ has desired the Utilisation/consumption certificate of various the commodities supplied by the Government of India viz. Quinine Inj., DEC tabs, Albendazole, DDT, ACT combipack, Arteether Injection, RDT Kit, LLIN, Diagnostic Kits for Kala Azar, Cap. Miltefosine, Synthetic Pyrrthroid etc. as the procurement action plan for supply of commodities to the State for the year 2010-2011 is being finalised, Accordingly State Program Officer has been requested to furnish the same
		Collection of NVBDCP Store against the diversion order from GMSD Guwahati	As per the information received from NVBDCP, Delhi, requested SPO, Malaria to collect Arteethar Injections-4998 Nos. lying at GMSD, Guwahati

S. No	Programmes Reviewed	Observations on gaps in infrastructure, Manpower, Services and achievement of Indicators of programmes	Suggestion for improvements
	NVBDCP	<p>Strategy to prevent death and transmission of malaria in high endemic areas</p> <p>Guidelines detailing the mechanism of involving ASHAs, the ASHA register, performance monitoring and mode of payment of incentives</p>	<p>As per the information received from NVBDCP, Delhi Strategy to prevent spread of the disease has been communicated to the State Program Officer, so that he can communicate the information to the District Malaria Officers specifically to the high risk districts</p> <p>State Program Officer has been provided guidelines for dissemination to the districts detailing the mechanism of involving ASHAs, the ASHA register, performance monitoring and mode of payment of incentive with the hope that these guidelines will streamline the coding system of ASHAs and blood slides/RDTs, blood slide transportation to PHC Lab. and feed back of results, verification of blood slides/RDTs by MPWs, monthly reporting mechanism and single window payment of incentives at PHC along with other incentives under NRHM</p>
