

**RD & RLTRI Raipur , Chhattisgarh state**  
**Date of survey 16 th to 20 April 2012**  
**Integrated Disease Surveillance Project**  
**Checklist for Monitoring of Implementation Status (District Level)**

Name of District: **Korba**

**1. Human Resources**

1.1 Since when the DSO is working?.....**2011**

Is the District Surveillance officer trained?.....**No**

What are the Job responsibilities of DSO?....**Monitoring the outbreaks of dengue/malaria/water borne diseases**

**1.2 Incremental staff**

Are there any posts vacant in the district?.....**No**

If yes which one/s?

**2. Coordination**

No. of meetings attended with SSO in the last 3 months:.....**Nil**

(If no meeting in the last 3 months, when was the last meeting held) .....**2011**

No. of coordination meeting under NRHM where IDSP was discussed.....**Monthly**

What are operational constraints experienced in the coordination issues and what are your suggestions to address these constraints?..... **Careful watch is exercised with block level officers, whenever any outbreak experienced immediate action has been taken by his level.**

**3. Training**

| Category of Staff                 | Total No. | Targeted for training | Targeted Proportion trained |
|-----------------------------------|-----------|-----------------------|-----------------------------|
| Doctors in Primary health care    | 37        | NA                    | NA                          |
| Doctors in (MC/Dist/ID) Hospitals | 25        |                       |                             |
| Health Workers (female)           | 144       |                       |                             |
| Health workers (male)             | 102+93    |                       |                             |
| Laboratory Technicians            | 10        |                       |                             |
| Pharmacists                       | 23        |                       |                             |
| Others (specify)                  | 56        |                       |                             |

What are major operational constraints experienced in the training issues and what are your suggestions to address these constraints?

- **Not available**

**4. Surveillance strategy**

What is the status of weekly P & L form reporting on portal (last 3 week)-

**W-12 (P-38,L26),**

**W-13 (P-32,L-22),**

**W-14 (P-30,L-20)**

Outbreaks identified in district by reviewing routine surveillance data:....**No**

What efforts are made to improve OPD surveillance in (MC/ID/Dist/Sub district) hospitals?... **No efforts visible**

What are major operational constraints experienced in the surveillance issues and what actions are taken / envisaged to address these constraints?

**Not Available**

### **5. Laboratory Surveillance**

Status of district priority lab - Functional/Non functional (In the district where district priority lab is established under IDSP).... **Lab is being functional in district hosp. Korba, No separate lab for IDSP.**

What are operational constraints experienced in the laboratory surveillance issues and what are your suggestions to address these constraints?

- **Not available**

### **6. MIS/ Outbreak/Epidemic Investigation**

(i) No of disease outbreaks investigated in the last 3 months and out of how many lab confirmed.....**NIL**

(ii) Source of data for identification of the outbreaks

- (a) Print or Electronic Media reports
- (b) Routine surveillance data
- (c) Laboratory data
- (d) Any other source (specify)

Are graphs/ charts exhibited in District IDSP unit **No**

What are major operational constraints experienced in the MIS/Outbreak/Epidemic Investigation issues and what are your suggestions to address these constraints? -**NA**

Is there 1075 (1800-11-4377) functional in the district? -**NA**

### **7. IT Network [Satellite (EDUSAT)/ Terrestrial]**

How many video conferencing were done in last 3 months: 00

What are major operational constraints experienced in the issues related to IT networking and what are your suggestions to address these constraints?

**Internet connection problem and camera not supported**

### **8. Finance**

Financial Monitoring Report (FMR) for the last Quarter submitted -**Yes**

What are operational constraints experienced in the finance issues and what are your suggestions to address these constraints?

- **No accountant in the IDSP**

## Equipments

| <b>S. No.</b> | <b>400 Training Centre Equipments by ISRO at all State HQ, Medical Colleges, Hilly regions, Island States &amp; North Eastern States)</b> |   | <b>S. No.</b> | <b>400 Training Centre Equipments by NIC (where ISRO connectivity is not provided)</b> |                 |
|---------------|---|---|---------------|--|-----------------|
