

**OBSERVATIONS OF SURVEYED HEALTH FACILITY (JASHPUR- Tribal) for
NPPCDCS**

Team headed by: Dr Sunil Gütte, MD (PSM), Deputy Director, ROHFW and RLTRI

And team

About District: Jashpur is tribal rich district of Chhattisgarh state selected for NPPCDCS

programme. Situated in the north-east of Chhattisgarh, Jashpur is rich with dense forest and green flora.

Northern region of the district has a long series of hills and mountains, sometimes running parallel to each other or cross-crossing somewhere. Lush green terrain and valleys present elegant natural beauty. Having an average altitude from 2500 to 3500 meters above sea-level. In 2011, population of district was 852,043 of which male and female were 425,085 and 426,958 respectively. There was change of 14.65 percent in the population compared to population as per 2001. In the previous census of India 2001, Jashpur District recorded increase of 13.23 percent to its population compared to 1991.
